# Sidecar

## Borderline

Wake up, wake up, wake up, I want to take you
To all the places I thought we could
I was feeling so lost for so long
I was feeling so lost for so long
I didn't know what to do
Sit up, sit up, sit up, I went and made you
Breakfast in bed, coffee and juice
I was feeling so lost for so long
You were feeling so lost for so long
We didn't know what to do
You and I will be sidecars
There to chase down the hard stuff
There to chase down the hard stuff

Wait up, wait up, you let me show you
All of the monsters I was holding on to
So get up, get up, get up, it's gonna be good
'Cause you all know what nothing, nothing
No one owes you
You were feeling so lost for so long
I was feeling so lost for so long
You were feeling so lost for so long
We didn't know what to do
You and I will be sidecars
There to chase down the hard stuff with you
There to chase down
You and I will be sidecars
There to chase down the hard stuff with you
There to chase down the hard, hard stuff
