

# Diana

## One Direction

Diana  
The front pages are your pictures  
They make you look so small  
How could someone not miss you at all? (Oh-ah-oh) I never would mistreat ya  
I'm not a criminal  
I speak a different language but I still hear your call  
Diana, let me be the one to  
Light a fire inside those eyes  
You've been lonely, you don't even know me  
But I can feel you crying  
Diana, let me be the one to  
Lift your heart up and save your life  
I don't think you even realize  
Baby you'll be saving mine  
Diana, it's only been four months but  
You've fallen down so far  
How could someone mislead you at all? (Oh ah oh) I wanna reach out for you  
I wanna break these walls  
I speak a different language but I still hear you call  
Diana, let me be the one to  
Light a fire inside those eyes  
You've been lonely, you don't even know me  
But I can feel you crying  
Diana, let me be the one to  
Lift your heart up and save your life  
I don't think you even realize  
Baby you'll be saving mine  
We all need something  
This can't be over now  
If I could hold ya  
Swear I'd never put you down  
Diana, let me be the one to  
Light a fire inside those eyes  
You've been lonely, you don't even know me  
But I can feel you crying  
Diana, let me be the one to  
Lift your heart up and save your life  
I don't think you even realize  
Baby you'll be saving mine  
(Oh ah oh) Diana  
(Oh ah oh oh oh oh oh oh) Diana, baby you'd be saving mine  
(Oh ah oh) Diana  
(Oh ah oh oh oh oh oh oh) Diana, baby you'd be saving mine
