

# Too Late

## Dover

Yeah. Oh yeah...wow!  
I'm trying to get in my head.  
    Supermom,  
    you're looking kind of pale.  
    You could have projected  
        or finished your hands.  
Oh my, your life's kind of a mess.  
    It's like I'm the icing.  
    There's no turning back.  
    It's too late.  
    It's too late.  
    Wow  
Look me up, look me down.  
    It don't really matter.  
    It's all over now.  
    So you can blow her,  
        now pardon to the left.  
    It's my invitation  
        to see what you get.  
    It's too late. it's too late.  
    I would have paid  
        so much money for you.  
    I would have done  
        anything you choose.  
    I would have mentioned  
        the state of my mind.  
I'd rather love myself tonight.  
    III...  
    It's too late.  
    It's too late.  
    It's too late.  
    It's too late.  
    It's really too late.
