

# Rabbit Hole

## Natalia Kills

Morning Mrs. Johnson  
Oh my God you raised a good one,  
I'm the teacher, he's my student  
And I'm giving him straight A's

Chemistry, biology,  
As long as he's on top of me,  
The classroom or the bathroom,  
We gonna practice till we graduateâ€

We're the kids your momma warned you about  
We're the kids your momma warned you about  
Drive fast, roll tight, ride hard all night  
We're the kids your momma warned you about  
We're the kids your momma warned you about  
Drive fast, roll tight, ride hard all night

'Cause I eat boys like a cannibal,  
Fuck hard, howl at the moon like an animal,  
Eat me, drink me, straight down the rabbit hole  
White lines, white lies, straight down the rabbit hole

When I fall in love, I fall down the rabbit hole  
Down the rabbit hole, down the rabbit hole  
Fall in love, I fall down the rabbit hole  
Down the rabbit hole

When I fall in love, I fall down the rabbit hole  
Down the rabbit hole, down the rabbit hole  
Fall in love, I fall down the rabbit hole  
Follow me down the rabbit holeâ€

Counting pounds and counting dollars,  
Mama married to a mobster,  
My old man is in the lock upâ€  
And he's counting down the days

Drinking all the liquor,  
Lighting up behind the bleachers,  
Getting dirty in detentionâ€

We're gonna do it anyway!

We're the kids your momma warned you about  
We're the kids your momma warned you about  
Drive fast, roll tight, ride hard all night  
We're the kids your momma warned you about  
We're the kids your momma warned you about  
Drive fast, roll tight, ride hard all night

'Cause I eat boys like a cannibal,  
Fuck hard, howl at the moon like an animal,  
Eat me, drink me, straight down the rabbit hole  
White lines, white lies, straight down the rabbit hole

When I fall in love, I fall down the rabbit hole  
Down the rabbit hole, down the rabbit hole  
Fall in love, I fall down the rabbit hole  
Down the rabbit hole

When I fall in love, I fall down the rabbit hole  
Down the rabbit hole, down the rabbit hole  
Fall in love, I fall down the rabbit hole  
Follow me down the rabbit hole

We're gonna fuck like rabbits,  
Like rabbits, like rabbits  
[x4]

Wild child kiss me baby, drive me crazy, drive me wild  
Wild child kiss me baby, touch it, touch it, drive me  
Wild child kiss me baby, drive me crazy, drive me wild  
Wild child kiss me baby, touch it, touch it, drive me

'Cause I eat boys like a cannibal,  
Fuck hard, howl at the moon like an animal,  
Eat me, drink me, straight down the rabbit hole  
White lines, white lies, straight down the rabbit hole

When I fall in love, I fall down the rabbit hole  
Down the rabbit hole, down the rabbit hole  
Fall in love, I fall down the rabbit hole  
Down the rabbit hole

When I fall in love, I fall down the rabbit hole  
Down the rabbit hole, down the rabbit hole  
Fall in love, I fall down the rabbit hole

Follow me down the rabbit hole
