Sadness Is A Blessing

Lykke Li

My wounded rhymes make silent cries tonight
My wounded rhymes make silent cries tonight
And I keep it like a burden
I'm longing from a distance
I ranted, I pleaded, I beg him not to go
For sorrow, the only lover I've ever known
Sadness is a blessing
Sadness is a pearl
Sadness is my boyfriend
Oh, sadness I'm your girl
These scars of mine make wounded rhymes tonight
I dream of times when you were mine so I
Can keep it like a haunting
Heart beating close to mine

Sadness is a blessing
Sadness is a pearl
Sadness is my boyfriend
Oh, sadness I'm your girl
I ranted, I pleaded, I beg him not to go
For sorrow, the only lover I've ever known
Every night I rant, I plead, I beg him not to go
Will sorrow be the only lover I can call my own?
Sadness is a blessing
Sadness is a pearl
Sadness is my boyfriend
Oh, sadness I'm your girl
Sadness is my boyfriend
Oh, sadness I'm your girl
Oh, sadness I'm your girl
