

# No Apology

## Believer

[K. Bachman / J. Daub / J. Winters / D. Mann / D. Baddorf]No more will I regress backward

From what which I believe

I owe no man an explanation

Expect no apologyLogic defends age old prophecies

Christ's life, death and resurrection

Proof of absolute deity

Expect no apologyNot one regret

ImpenitentNo more will I regress backward

From that which I believe

I owe no man an explanation

Expect no apologyNot one regret

Impenitent
