

The Kiss

The Cure

Come on kiss me, kiss me, kiss me
Your tongue is like poison
So swollen it fills up my mouth Just, just love me, love me, love me
You nail me to the floor
And push my guts all inside out Just get it out, get it out, get it out
Gech your fucking voice
Out of my head Oh I never wanted this
I never wanted any of this
I wish you were dead
I wish you were dead
