The Horror Of Our Love

Ludo

I'm a killer
Cold and wrathful
Silent sleeper
I've been inside your bedroom
I've murdered half the town
Left you love notes on their headstones
I'll fill the graveyards
Until I have you
Moonlight walking
I smell your softness
Carnivorous and lusting
To track you down among the pines
I want you stuffed into my mouth
Hold you down and tear you open
Live inside you
Oh, love I'd never hurt you
But I'll grind against your bones
Until our marrows mix
I will eat you slowly, ohh
The horror of our love
Never so much blood
Pulled through my veins, ohh
The horror of our love
Never so much blood
I wake in terror
Blackbirds screaming
Dark cathedrals spilling
Midnight on their alters
I'm your servant
My immortal
Pale and perfect
Such unholy heaving
The statues close their eyes
The room is changing
Break my skin
And drain me
Ancient language
Speak through fingers
The awful edges

Where you end and I begin
Inside your mouth
I cannot see
There's catastrophe
In everything I'm touching
As I sweat and crush you
And I hold your beating chambers
Until they beat no more
You die like angels sing, ohh
The horror of our love
Never so much blood
Pulled through my veins, ohh
The horror of our love
Never so much blood
You're a ghost, love
Nightgown flowing
Your body blue and walking
Along the continental shelf
You are a dream among the sharks
Beautiful and terrifying
Living restless
We dance in dark suspension
And you bury me
In the ocean floor beneath you
Where they'll never hear us scream, ohh
The horror of our love
Never so much blood
Pulled through my veins, ohh
The horror of our love
Never so much blood
