One Night

The Blossoms

Verse 1:
Girl,
You know my heart is racing,
Please don?t keep me waiting,
Waiting here.
Time,
Can never be more perfect,
Please don?t over think it,
Let?s get together,
Bridge:
We could talk here all night,
But im wondering why,
Cant we make love like we used to,
Used to.
Chorus:
Keep thinking about you and me,
Take it back to how we used to be,
Oh yeah,
I only ask for one more night.
Know you gotta be feeling this,
If I had just one last wish,
You know,
I?d only ask for one more night.
One more night.
I?d only ask for one more night.
Verse 2
Girl,
No one needs to know this,
It?s nobody?s business,
What we do,
And i know you,
Got your life your living,
But i still believe in,
Me and you.
Bridge 2
Don?t wanna live in the past,
Im not asking for that,
Just wanna make love like we used to,
Used to.

Chorus:
Keep thinking about you and me,

Take it back to how we used to be,
Oh yeah,
I only ask for one more night.
Know you gotta be feeling this,
If i had just one last wish,
You know,
I?d only ask for one more night.
One more night.
I?d only ask for one more night.
Bridge 3
Party like a rockstar,
Come a little closer,
Give me what im after,
All i want is one more night,
Party like a rockstar,
Come a little closer,
Give me what im after,
All i want is one more night,
Bridge:
We could talk here all night,
But im wondering why,
Just wanna make love like we used to,
Used to.
Chorus:
Keep thinking about you and me,
Take it back to how we used to be,
Oh yeah,
I only ask for one more night.
Know you gotta be feeling this,
If i had just one last wish,
You know,
I?d only ask for one more night.
Keep thinking about you and me,
Take it back to how we used to be,
Oh yeah,
I only ask for one more night.
Know you gotta be feeling this,
If i had just one last wish,
You know,
I?d only ask for one more night.
One more night,
Id only ask for ne more night.
