Say Hello

Kirko Bangz

Oh, yeah, yeah, come on Walked in the place And everybody looked down at we Disgust on their face but we don't mind 'Cause we're too busy smiling Never get in my face That's not the way to understanding And ignorance is blind, so this time This time we gonna let it ride I know, that I know That I know, that this is I know, that I know That I know, that this is real I hate to disappoint you But this is how I feel And let me introduce to you myself Say hello to the bad guy Can't plead my case The jury's out, won't give me a chance 'Cause I don't think the same Shut down the court, kidnap the judge Now they sit in his place And who are you to make your birth right Deciding my fate? I know your kind, I have and I will carry on I know, that I know That I know, that this is I know, that I know That I know, that this is real I hate to disappoint you But this is how I feel And let me introduce to you myself Say hello to the bad guy We're here to make you feel Better about yourself We're here to introduce you to yourself Say hello to the bad guy I hate to disappoint you But this is how I feel

And let me introduce to you myself
Say hello to the bad guy
We're here to make you feel
Better about yourself
We're here to introduce you to yourself
Say hello to the bad guy
