The Slayer

Refused

Turn off
Hail to the deafening
End life for ego reasoning
Consumer of selfishness,
Feel it bleed
Death traditions,
Feeds the suffering
Acquire by-products,
Breed the industry
Modern death camps,
Feel their suffering
Soul destroyer
Never question consequence
Pain won't end
So we gag our sense
Kill the conscience,
Lies over lives
Kill the conscious,
Lies over lives
Their pain won't end
With blood in my eyes
I won't see the light shine...
