

Electricity (feat. Anabel Englund)

Lee Foss & MK

They say that lightning don't strike twice
I'm starting to doubt it
This is the third time I've seen you
The third time I'm about it Where I really wanna go is somewhere less crowded
Find out how loud our names can be shouted
Shouted Don't know about electricity
But I'm shocked by our connectivity I know you ain't my king
But I need some of your reign
So come down from your throne
So I can heal your pain I'm hearing thunder roll and I want to play the game
Cause you're one move ahead
I'm not one to complain Don't know about electricity
But I'm shocked by our connectivity Not sure whether to restrain or grab hold
Something in the voltage making me feel bold
The space between us invokes a bitter cold
When i know we have a story that hasn't yet been told
