

Kristiansand

of Montreal

I am a Kristiansand
they try to fuck my mind
and then threw a fit because they could not impregnate it
I am a Kristiansand
they try to fuck my mind
and then lost their shit because they could not castrate it I don't wanna grow fat with you suckers
why do you try so hard to seem the same?
you're not going to vanish if you step out of line
you threw me down when I was younger
I didn't know that all along
it was you that had it all wrong
all wrong, yeah yeah, yeah yeah I am a Kristiansand
they try to fuck my mind
and then threw a fit because they could not impregnate it
I am a Kristiansand
they try to fuck my mind
and then lost their shit because they could not castrate it I don't wanna grow slow with you suckers
don't wanna play your game of mirror reflection
you're not gonna vanish if you stand on your own
you pulled me up when I was younger
I didn't know that all along
it was you that had it all wrong
all wrong, yeah yeah, yeah yeah
you step on all my books, you hurt me
can you hear me?
