

Wait for Me

Martha Berner

It's hard these days but I'm trying anyway
I know lately I've been distant
So far away
I'd Like to tell you but it's hard to explain
And I'm not sure you would understand anyway
He said

CHORUS:

Wait for me
Wait and see me I'm trying
Wait for me
I'm alive and doing fine
All the time

She said winter's the hardest it always seems to drag
She sits in the park with her loaded
Paper bag
And visions of lives lost and lovers
That she'll never see
Fly by as she drinks with her loaded company
She says

CHORUS

And visions of lives lost and lovers that I've cost
Finding their way
Tell me I'm too late
And every right seems to fall to the night
Taking my time
And I'm doing fine wait for me
Yeah yeah
Yeah yeah
I'm doing fine will you
Wait for me
Wait and see me I'm trying
Wait for me
I'm alive and doing fine
