

Who'll Stop the Rain (Dub)

Heaven 17

Chorus:

Who'll stop the rain
Who'll stop the action
East side west side
The world moves on

I heard a rumour that fires were started
Flame in the streets and tension uncharted
Bigger than life at the edge of the city
Ashes and diamonds gleaming with pity

[Chorus]

Between midnight and dawn you slept through the deadlines
Believe in me and we'll hit the tall headlines
Look up and laugh be happy today
Here come the waves count three pray

[Chorus]

A global affair in big house U.S.A.
A moving violation angels over Broadway
The next voice you hear will be the main attraction
The next time we love standby for action
Meet me tonight and love me for ever
Let's be happy let's be famous whatever the weather
The rain must fall and night time is calling
Golden boy and golden girl it's a great day in the morning
[Chorus]
