Speak & Destroy

Rogue Traders

It's, it's no
It's no accident, no
We, we just
We just let it all goWe all stand in rows
We're like dominoes, dominoes
Falling faster to zeroDown, down, down, down
Down we go, down we go
Straight on like an arrowDown, down, down, down
Down we go, down we go
Can't you hear the echo?See, see the
See the consequence, yes
Got, got to
Got to fasten your seat beltsI have told you
This in stereo, stereo
The truth so hard
To swallowDown, down, down, down
Down we go, down we go
Straight on like an arrowDown, down, down, down
Down we go, down we go
Can't you hear the echo?Can't you hear, can't you hear
Can't you hear the echo?
Can't you hear, can't you hear the echo?Can't you hear, can't you hear
Can't you hear the echo?
Can't you hear, can't you hear the echo?Down, down, down, down
Down we go, down we go
Straight on like an arrowDown, down, down, down
Down we go, down we go
Can't you hear the echo?Can't you hear, can't you hear
Can't you hear the echo?
Can't you hear, can't you hear the echo?Can't you hear, can't you hear
Can't you hear the echo?
Can't you hear, can't you hear the echo?
