

Stay

Ftampa

[Verse 1]

I know you do

I know you want me like I want you

But we fall apart

When everything was getting good[Pre-Chorus]

Winning the battles

But losing the war

Should been look at what we're fighting for

I don't wanna lose you

I can't be without

Call it a truce and put our weapons down[Chorus]

And if you stay

Nobody does it like me

Let me show you, please stay

I can't get over you

You can't get over me

Nobody does it like me

Let me show you, please

I can't get over you

You can't get over me[Instrumental][Verse 2]

I know you do

I know you want me like I want you

But we fall apart

When everything was getting good[Pre-Chorus]

Winning the battles

But losing the war

Should been look at what we're fighting for

I don't wanna lose you

I can't be without

Call it a truce and put our weapons down[Chorus]

And if you stay

Nobody does it like me

Let me show you, please stay

I can't get over you[Instrumental][Outro]

Stay

Nobody does it like me

You can't get over me[Chorus]

And if you stay

Nobody does it like me

Let me show you, please stay
I can't get over youStay
Oh, nobody does it like me
Oh no, stay
