Fade

Blue Angel

I think I'm walkin' down your street
I sense a silent shuffle to my heartbeat
Why cry, I'll just fade
Fade you away
I watch your window from the street
I guess I'll etch a vision in my daydreams of you
Of you, of you, but you
Never thought I'd be so proud-
But I will never live without you
Oh, oh, oh, oh, fade
Fade you away, I will fade, fade you away
I think I'm walkin' down your street...
