

# We Are All Ghosts

## Emma Ruth Rundle

We Are All Ghosts-Emma Ruth Rundle

We looked a shadow of a man  
From where we're standing  
Which made us laugh and lift our hands  
And say "rise"

We knew our hearts were made of glass  
Which comes from sand and  
We let it slip throughout our hands  
into the night  
into the night  
into the night  
into the night

Let it be known that we are all ghosts  
Could have stayed and loved you better

Let it be known I loved you most  
Let us be brave

So if we take each other's bones  
Into the graveyard

And lay our heads upon the stones  
We will rise

Let it be known that we are all ghosts  
Should have stayed and loved you better

Let it be known I loved you most  
Let us be brave

They say "rise"

Could've had a heartbeat just like mine  
To rip in turn  
Just say "rise"

We could've had a heartbeat just like mine

To rip and tear  
Heartbeat oh

To rip and tear, to rise  
Heartbeat oh

To rip and tear

Let it be known that we are all ghosts  
Should have stayed and loved you better

Let it be known I loved you most  
Let us be brave

Let us be brave

Let it be known that we are all ghosts  
Should have stayed and loved you better

Let it be known I loved you most

Let us be brave

Let it be known that we are all ghosts  
Should have stayed and loved you better

Let it be known I loved you most
