The Scientist

Corinne Bailey Rae

Come up to meet you, tell you I'm sorry
You don't know how lovely you areI had to find you
Tell you I need you
Tell you I set you apartTell me your secrets
And ask me your questions
Oh, let's go back to the startRunning in circles
Coming up tails
Heads on a science apartNobody said it was easy
It's such a shame for us to part
Nobody said it was easy
No one ever said it would be this hardOh, take me back to the startI was just guessing
At numbers and figures
Pulling the puzzles apartQuestions of science
Science and progress
Do not speak as loud as my heartTell me you love me
Come back and haunt me
Oh, and I rush to the startRunning in circles
Chasing our tails
Coming back as we areNobody said it was easy
Oh, it's such a shame for us to part
Nobody said it was easy
No one ever said it would be so hardI'm going back to the startOh Come up to meet you, tell you I'm sorry
You don't know how lovely you areI had to find you
Tell you I need you
Tell you I set you apartTell me your secrets
And ask me your questions
Oh, let's go back to the startRunning in circles
Coming up tails
Heads on a science apartNobody said it was easy
It's such a shame for us to part
Nobody said it was easy
No one ever said it would be this hardOh, take me back to the startI was just guessing
At numbers and figures
Pulling the puzzles apartQuestions of science
Science and progress
Do not speak as loud as my heartTell me you love me
Come back and haunt me
Oh, and I rush to the startRunning in circles
Chasing our tails

Coming back as we areNobody said it was easy
Oh, it's such a shame for us to part
Nobody said it was easy
No one ever said it would be so hard
