

# Dark Ages

## Two Steps from Hell

In the time when darkness ruled  
No one saw the light  
In the cold black emptiness  
Victims of the night You can't fight what you can't see  
To be or not to be In dark ages  
In dark ages Those evil days will still remain  
Till someone breaks the chains Just the strong survive  
You have to try or you will die In dark ages  
In dark ages In dark ages
