

Catch The Fox

Den Harrow

When I see a foxy lady
every time I lose my mind I want her to be my baby
maybe all the time or for one night.
Every girl in town's in danger
I could come up from behind I don't want to be a stranger when I see a new girl that I like.
Hey ho hey - hurry up
don't give up till you catch the fox.
Hey ho hey - look around like a hound till you catch the fox. Every time they light my fire
they don't know what they're in for building up a strong desire
they keep coming knocking at my door.
Hey ho hey - hurry up
don't give up till you catch the fox.
Hey ho hey - look around like a hound till you catch the fox. Hey ho hey - hurry up
don't give up till you catch the fox.
Hey ho hey - look around like a hound till you catch the fox.
