

I Would Do Anything

Kenny Loggins

Love, where are we going?
And when do we reach the promise on the horizon?
Out on the ocean, under a sunset
I was invited to come out and play a while
With magic and move a mountain Has anyone ever captured the sun?
Is the eagle ever truly tame?
Given just a little time
I know that you'll find a way And I would do anything for you
Give up the world I've made me
And take you away, oh I swear from now on
The trust in my heart and the vision of you in my life My love
I will be faithful
But how can I make a promise
To a place I've never been? Something has taken me off
And I don't know if I will survive
I believe that everything
I'll ever need's here by the roadside How can you fly keeping heaven in sight
Blinded by the light of day?
Given just a little time
I know that I'll find a way I would do anything for you
Listen with all of my spirit for ecstasy calling
You know I believe 'cause all I have seen
From the mountain, the view from the heart I would do anything for you
Give up the world I've made me
And take you away, oh I swear from here on
The trust in my God and the vision of you in my life Freedom is mine, one beat at a time
Where are we going, I just don't know yet
How will we make it, I just can't say
All that I know is we've finally sailed away Seems everyone's made a prison of love
But if anybody can escape
Given just a little time
I know that we'll find a way I would do anything for you
Listen with all of my spirit for ecstasy calling
You know I believe 'cause all I have seen
From the mountain, the view from the heart I would do anything for you
Give up the world I've made me
And take you away, oh I swear from here on
The trust in my God and the vision of you in my life In my arms, I'll pray
I am safe, I am loved, I am free, baby

I am safe, I am loved, I am free, baby
I am safe, I am loved, I am free, baby

...
