You're so Different Tonight

Smokie

Baby I'm glad to see you the way you do
there's something special in your eyes
Baby I I should tell you how I feel for you
I want your love to be mine'Cause you're so different tonight
you shine when you walk in the room
you're so different tonight
seems all the boys have eyes for you
(hypnotise a fantasize uh
Tell me you feel it
too
no one could look the way you doMake me on I've been thinking of.you and me
and what the future in store
Lady I need to tell you what I really need
I want your love forever more'Cause...Oh baby I love you - I want you to feel like I doSoloYou're so different tonight...
