

Truth Gonna Hurt You

Future

Future Hendricks
My experience
Feel my music, hear my music
It's a cold-cold-cold world baby
Put on your coat yeah
Preferably, check sure 'bout it I didn't wanna lie to ya
But it sound more fly to ya
I didn't wanna lie to ya
I swear it sound way fly to ya
'Cause the truth is gone hurt you
The truth gone hurt you
I swear the truth gonna hurt you
Truth gon' hurt you yeah I live a California lifestyle
All these girls around me, gone wild
(Yeah) And I'm so caught up in my own style
I can't see you niggas in the crowd, I'm so far, ain't gonna never come down
You can ask around, I run the town
Everyday for me, a fashion show (Turn up, turn up)
I'm Future in this and I run Pluto (Space)
I'm a rockstar forever, I need to get my act together (Straight up)
When changin' up the weather, it's so hard to be settle
Since we first got together
Things changed for the better
I got die hard fans and they treat me very special
Heard about forty bitches in the lobby (Whatcha talkin about)
Ask me about it, hold nobody I didn't wanna lie to ya
But it sound more fly to ya
I didn't wanna lie to ya
I swear it sound way fly to
'Cause the truth is gone hurt you
The truth gone hurt you
I swear the truth gonna hurt you
Truth gon' hurt you Oh boy, the first class flight
Can't pack a bag over night
'Cause I'm a shop when I land (Whatcha gon' do?)
Yea, I'm a shop when I land (Future)
When you playin' with them band (Whatcha do)
Five-sweet-o, to this all we stand
Don't frustrate

And I been up late
(Just thinkin' of shit you know what I mean)
Goin' over my plan
Feel like I'm sinkin' in sand (Can't get caught up)
Sometimes you wouldn't understand
Under the hot light
Sex over money
Everything we do we do it alway' to the money
I got a trio, tryna suck me up like Tito
Ain't fallin' in lust
You need to trust like I tell you I didn't wanna lie to ya
But it sound more fly to ya
I didn't wanna lie to ya
I swear it sound way fly to ya
'Cause the truth is gone hurt you
The truth gone hurt you
I swear the truth gonna hurt you
Truth gon' hurt you
