

# Gunslinger's Glory

## The Dead South

Keep on going til you fall

???

Where left your sins and all of your friends

???

You just get up and splash around

Never really know why

They won't understand

As you yank on that tree with that look of despair

Pulling out your guns and blasting all around

All life is dead

You got your,

You got your crown

I wanna be the very best

Best ther ever is

Quickest, Taller, Toughest Mother Fucker in these lands

I wanna be the very best

Best there ever is

Quickest, Taller, Toughest Mother Fucker in these...

Lands

Going around everyday as I shoot away

???

Make my way to the top

???

Being a gunslinger's glory and god damn,

God damn it's good

I wanna be the very best

Best ther ever is

Quickest, Taller, Toughest Mother Fucker in these lands

I wanna be the very best

Best there ever is

Quickest, Taller, Toughest Mother Fucker in these...

Lands

...

Well I got my wish; I was the best  
The only problem is,  
??? met with a bullet  
In my head  
In my head  
In my head  
Now I'm dead  
...
