

# Goth Girls

## BROOMSTICK WITCHES

GOTH GIRLS  
possessed by goth girls  
possessed by goth girls  
they're here and there  
and everywhere  
possessed by goth girls  
possessed by goth girls  
they're walking in the moonlight  
through the misty graveyards  
they're dancing with vampyres  
around giant bonfires  
possessed by goth girls  
possessed by goth girls  
they're here and there  
and nowhere  
possessed by goth girls  
possessed by goth girls  
and when I reach out to kiss their lips  
they disappear like morning mist  
chased by the rising sun  
possessed by goth girls  
possessed by goth girls
