One Thing

Open Heaven

Spirit come and cleanse my soul, come and wash me like the rain. Come and make my heart your home, come and make me new again. Oh, oh, I just wanna be with you, I just wanna be with you! - Be my one thing, be my only, come be with us! Be my one thing, be my only, Jesus!- Spirit come and cleanse my soul, come and wash me like the rain. Come and make my heart your home, come and make me new again. Oh, oh, I just wanna be with you, I just wannna be with you! - Be my one thing, be my only, come be with us! Be my one thing, be my only, Jesus! - Right where You are is where I will be! I lay my life down, give You everything! Right where You are, here at Your feet, I surrender all, every part of me! Right where You are is where I will be! I lay my life down, give You everything! Right where You are, here at Your feet, I surrender all, every part of me! - Be my one thing, be my only, come be with us! Be my one thing, be my only, Jesus! (2x)
