Stupid Boy

The 49 Americans

Get Low, get loose, get down on the floor.
Drink up til you can't think anymore.
Get low, get loose, get down on the floor.
I ain't gonna change, I'm not just a stupid boy.
I do everything I want to,
Last night was somethin I wish I knew.
You hate, all the games that I put you through.
I ain't gonna change, no I ain't gonna change for you.
I'm a smart dude, I'm tryna get my learn on.
You got your girls, and they're all fine,
Let's go get our burn on.
I love the way I'm feeling, single,
searching for the evening.
You can spend the night, If you
don't plan on us both sleepin.
Get low, get loose, get down on the floor.
Drink up til you can't think anymore.
Get low, get loose, get down on the floor.
I ain't gonna change, I'm not just a stupid boy.
I'm not looking for my one,
I'm looking for my right now.
And baby we just way too young,
too young for me to settle down.
I know what I'm doing love,

Keep that game, just trust me.
I'm stupid so please give me a brain,
and afterwards, just fuck me.
I do, everything that I want to.
I wish I would've known what you could do.
You think everything that I said is true.
I ain't gonna change, no I ain't gonna change for you.
Get low, get loose, get down on the floor.
Drink up til you can't think anymore.
Get low, get loose, get down on the floor.
I ain't gonna change, I'm not just a stupid boy.
I'm tryna cut, you wanna what?
I'm tryna cut, you wanna what?
I'm tryna cut, you wanna make love, make love.

I'm tryne cut, you wanna what?
I'm tryna cut, you wanna what?
I'm tryna cut, you wanna make love, make loveee.
Get low, get loose, get down on the floor.
Drink up til you can't think anymore.
Get low, get loose, get down on the floor.
Get low, get loose, get down on the floor.
Get low, get loose, get down on the floor.
I ain't gonna change, I'm not just a stupid boy.
Stuuupid boy.
