

Best Of Me

Morningwood

i bet the better you get
the better you get
your gonna forget
remember
your always clicken and pointen
potin and clicken
that thing forever
your always talkin the talk
but never walkin the walk
i i i i getso agitated
your always thinkin a thought
then you say you forgot
you think you got the best of me x2
you think theres nothing left of me
check this youll never get me
you think you got the best of me x2
you think thers nothing left of me
cheack this youll never get to me
yeah!
thats what im talkin about
c'mon
your getin mighty upset
your gonna regret
the deeper you get
the stronger ill be
your always rantin and raving

thats nothing worth saving
your always complaning constanly
your always talking the talk
but never walkin the walk
i i i i get so agitated
your always thinkin a thought
but never walkin a walk
your always thinkin a thought
but then you say you forgot
you think you got the best of me x2
you think theres nothing left of me
check this youll never get to me

yeah!
