No Fairytale

Toxic Lab Rats

My mind is restless, my hands are tied
My heart is aching when you're not by my side
From the day I met you, you were always on my mind
I was a young boy and true love was blind

I was your hero and you my heroin
Love from the needle kills you from within

This is no fairytale
I believe you
This is no fairytale
Believe it, I do
This is not a happy day
It's sad but true
This is no fairytale

Can't get enough of you
My eyes are blind
You stole my soul and you raped my mind
As long as I have you in my veins
My love you got me in chemical chains

I will never break free
Never going to leave you
Love from the needle is never good
Is never true

This is no fairytale
I believe you
This is no fairytale
Believe it I do
This is not a happy day
It's sad but true
This is no fairytale
