Hate and Jealousy

Lucero

I got enough of jealousy
And hate inside of me
To keep me warm, it keeps me warm
Can't settle for nothing less
Been trying to prove myself
Since I was born, since I was born
Helplessness just burns me up inside
I can't see the Savior for the light
What I want of yours may not be right
Well I want nothing, that ain't truly mine
If I could I would stop caring
But I don't like hearing
I'm not good enough, I'm not good enough
I know that it's not too late
But I don't want to go away
And let it burn me up, let it burn me up
Helplessness just burns me up inside
I can't see the Savior for the light
What I want of yours may not be right
Well I want nothing, that ain't truly mine
Helplessness just burns me up inside
I can't see the Savior for the light
What I want of yours may not be right
Well I want nothing, that ain't truly mine
