

Free As a Bird

Rend Collective

You break us out of our cages
Into the wide open spaces
We are free
Free as a bird on the wind No prison wall can contain us
Your beating heart makes us fearless
We are free
Free as a bird on the wind Love cannot be tamed
You shattered every chain Let our praises run wild and free
The lionheart is alive in me
Let our freedom and joy begin
With you we're dancing upon our chains
With you we're soaring on eagle's wings Take us beyond our horizons
Leading us into your wildness
We are free
Free as a bird on the wind You are the greatest adventure
You are my uncharted waters
We are free
Free as a bird on the wind Love cannot be tamed
You shattered every chain Let our praises run wild and free
The lionheart is alive in me
Let our freedom and joy begin
With you we're dancing upon our chains
With you we're soaring on eagle's wings You made us for so much more
You take us to greater shores
You raise us above the storm
We rise on eagle's wings, we rise on eagle's wings Let our praises run wild and free
The lionheart is alive in me
Let our freedom and joy begin
With you we're dancing upon our chains
With you we're soaring on eagle's wings
