Advisory - the following lyrics contain explicit language:

Yo, it's a beautiful day, and everybody's feelin' wonderful
The ladies is out, lookin' fly, dressed comfortable
I love to wake up, and feel the breeze through my window
Slip on a fatigues, grab a dutch and roll some indo
It be days like these, that make life so much easier
Fish thawin' out, Guinness Stout in the freezer
Walk the block at my leisure (my leisure)
Summertime is like a anesthesia
So many pretty things to please ya
The greenery
Beautiful birds, natural scenery
Or even just a infinite sky
We be forever puffin' lah
On the block, or tellin' jokes in the ride (ha ha ha)
When the weather be hot, everybody be outside (whut)
Havin' fun (aight?), eatin' fresh fruits and vegetables
And good food put me in the mood for a festival
Some say the summer make a woman more sexual (s'up, boo)
It's instinct -- that's why my game be right on schedule
I put the great Mother Nature on a pedestal
She always fly, but today, she's exceptional
If I had a chance to make a wish
Every day would be just like this, full of Happiness I feel great
Even though we got mad things to deal with
Happiness is all in the mind
Let's unwind, and find a reason to smile
I'm just glad to be livin'
Feelin' fine
Leavin' my bad times behind Feels great
And no, we can't escape from the realness
Happiness is all in the mind
Let's unwind, and find a reason to smile

I'm just glad to be alive
 Feelin' fine
 Livin' life one day at a time
 Feelin' great Yeah, know'msayin'?
 I just wanna give a shout out
 To everybody who got a birthday today
Happiness (Happiness) Have you ever heard the children play?
 Sometime, I feel the same way, roll up a j, and get away
 Put some food on the grill
 And just chill
 Maybe build with my elders (uh)
 Never know the things they could tell ya
 Learnin' why the caged bird sings (why it do that?)
'Cuz it's the vital things you know that separate the men from the Kings
 The flowers that bloom and the Sun (uh)
 And everybody singin' the tune, 'cuz it's time to have fun
We out, rollerbladin' (uh, uh), a day where no one coulda stayed inside
 Wash the car, now it's time to take a ride
 Me and my crew hangin' out, all night to sunrise
 Celebration of life, 'cuz every day is a surprise
 Think of the rich countryside on the land of Jamaica
 Mountains, springs and green acres
 Or any other place in the world your mind takes you
It's the good times in life that everybody can relate to (uh)
 And you can leave your troubles behind
 And have a wonderful time
 Lay back and just ease your mind (whut)
 You can leave your troubles behind
 And have a wonderful time
Lay back and just ease your mind I feel great
Even though we got mad things to deal with
 Happiness is all in the mind
 Let's unwind, and find a reason to smile
 I'm just glad to be livin'
 Feelin' fine
 Leavin' my bad times behind Feels great
And no, we can't escape from the realness
 Happiness is all in the mind
 Let's unwind, and find a reason to smile
 I'm just glad to be alive
 Feelin' fine
 Livin' life one day at a time
 Feelin' great
