

Lonely In Your Nightmare

Duran Duran

Even on the darkest night when empty promise means empty hand
And soldiers coming home like shadows turning red
When the lights of hope are fading quickly then look to me
I'll be your homing angel, I'll be in your head
Because you're lonely in your nightmare let me in
And there's heat beneath your winter let me in
I see the delta traces living lonely out on the limb
And a passing glimmer warm beneath your skin
Please tread gently on the ground when all around you earth
Turns to fire
Only get a second chance when danger's on the wind
Because you're lonely in your nightmare let me in
Because there's heat beneath your winter let me in
Must be lucky weather when you find the kind of wind that
you need
C'mon show me all the light and shade that made your name
I know you've got it in your head, I've seen that look before
You've built your refuge turns you captive all the same
Because you're lonely in your nightmare let me in
And it's barren in your garden let me in
Because there's heat beneath your winter let me in
Because you're so lonely in your nightmare let me in
And it's cold out on your stone range let me in
Because there's heat beneath your winter let me in
Do, do-do, do do do do
Do, do-do, do do do do
