Boys Will Be Boys

The Undertones

Boys - John's gone he's left on a bus
Will be boys - In a hurry he's forgotten about us
Boys - Even Billy's getting confused
Will be boys - He's got the girl now he's nothing to loose
Oh Boy
Boys - Its all over and never again
Will be boys - To be a confrontation like there was just then
Boys - One girl in the neighbourhood
Will be boys - Two boys and one's no good
Oh Boy
Boys - will be boys

Boys - I wanna dance I wanna dance with you
Will be boys - Take you home and kiss you to
Boys - Go steady and show you around
Will be boys - maybe tomorrow we can go downtown
Oh Boy

Boys - This time is my first time to
Will be boys - I never thought it with a girl like you
Boys - Its not what I expected but I don't care
Will be boys - Its a genuine teenage love affair
Oh Boy

Boys - will be boys
