Meant to Be (Acoustic)

Rebelution

I can see the sun come up time to get away from here time to make a new plan up again water never felt this good and air had never felt so pure time to make a new plan up again

Well now that I've come this far
I'll never lookin' back nooo
Time to make a new plan up again
Things have never looked this clear
I'll never lookin' back nooo
Time to make a new plan up again

Well I want more
I'll start what I came here for
An' all I want is to be free
mhhhmmmmm
Cold to warm
I'll start what I came here for
An' all I want is to be free
mhhmmmmmmm
