

Bring It On Back

[Shedaisy](#)

What if I said, I wanted to hold you
For more than just one night
Oh, what if I said, I said I wanted to show you
It all, it all, it all is gonna be alright
I'm a good thing make sure you know it
You only get one shot, baby, don't blow it
I'm the green, green grass as far as your big brown eyes can see
And if you leave you'll wanna bring it on back to me, yeah
I know, I know, I know I ain't easy
To get a handle on
Oh, it don't take more than enough to please me
But I don't wanna wait, don't wanna wait to long
'Cause I'm a good thing make sure you know it
You only get one shot, baby, don't blow it
Yeah, I'm the green, green grass as far as your big brown eyes can see
And if you leave you'll, you'll wanna bring it on back to me, yeah
Oh, oh, yeah
Open the door your ready to walk through
I'm where you prayer was meant to land
Oh, give me the holes in your heart
I promise that I will do
Anything, everything you know I can
And look at me, baby I'm a good thing make sure you know it, yeah
You only get one shot, baby, don't blow it
Yeah, I'm the green, green grass as far as your big brown eyes can see
And if you leave, oh, if you leave, oh if you leave
You'll wanna bring it on back to me, yeah, yeah
Bring it on back to me, oh, yeah, yeah, yeah
Yeah, yeah, bring it back, bring it back, yeah
Bring it on back to me, oh
