

Twilight

Puerto Muerto

The Twilight's nearing,
the fruit is ripe on the tree.
C'mon baby, and talk to me,
I'll take you down.

In the darkness,
I'll tell you stories.
Much to grand, to believe.
Do you believe?

[Chorus]
And we'll try to find a better way
We'll try the way we never gone before.
We'll try, we'll try.
We'll try, we'll try.
We'll try, we'll some more.

It terrifies me,
What we have become.
It terrifies me,
When I sleep, and in it creeps.

We treasure beauty,
it takes us apart.
It leaves us bleeding,
for the young.
And then we're done

[Chorus]
And we'll try to find a noble cause.
We'll try the words, were never spoke before.
We'll try, we'll try.
We'll try, we'll try.
We'll try, we'll try some more.

We'll try, we'll try.
We'll try, we'll try.
We'll try some more.
