Redshift Riders

Joe Satriani

I know some people like to take life easy,
That's not my style.
I'm not the type to let this life tease me,
I'm gonna make it wild.I just wanna ride,
Get on my bike and ride.Some people think you've got to like your life one way,
I disagree.
I'm not gonna pay attention to them anyway,
It's got nothing, nothing to do with me.Life is so short, we've got
No time to waste at all.CHORUS:
I just wanna ride,
Get on my bike and ride.
I just wanna ride,
Get on my bike and ride.I see the road, as it opens up before me,
I feel the heat.
I'm gonna go where I want, when I want to.
I've got to be free.CHORUSFeels so right...
Feels so right
