

He Don't Exist

Jaheim

Girl I hate to have to be the one to ruin your plans
It's unrealistic what you're looking for in a man
I may not be perfect but I can love you perfectly
You know what you want but you don't know what you need
Good sex, monogamous, keeps all of his promises
Handsome, its all bless
No kids, I think you oughta share a psychiatrist
Bank account got a figure 6
Bruce Wayne, Clark Kent
The only problem is, he don't exist I think you need the invisible man
So you can never see his flaws and mistakes
Better come get this loving while you can
Waiting to hit the jackpot grand prize sweepstakes
Quit listening to friends when they try to tell you how to feel
Making you believe there's something out there that aint real
Don't mean to alarm you, no prince coming to charm ya
And the perfect man you're waiting for, he don't exist
Oh, la la la ay Sorry to shatter your perfect picture of love
This ain't no movie, ain't no director yelling cut,
Everyone's an actor, you gotta stick to the script
You want a fairytale but they just don't exist
You want a knight in shining armor
Hero that come to save ya ride through the skyline
Red cape, baby let me set the record straight
If you don't know what to settle for
You lose it all
'Cause it just don't exist I think you need the invisible man
So you can never see his flaws and mistakes
Better come get this loving while you can
Waiting to hit the jackpot grand prize sweepstakes
Quit listening to friends when they try to tell you how to feel
Making you believe there's something out there that aint real
Don't mean to alarm you, no prince coming to charm ya
And the perfect man you're waiting for, he don't exist That time that you're spending, looking for happy ending
Babe it can start with us
Subtract all of the baggage and maybe we can manage
A life that equals up to love
We'll never know the visions I'll play my position
Be patient baby no need to rush

You want to most with a ghost let me coast
You about to miss out on this
'Cause he don't exist I think you need the invisible man
So you can never see his flaws and mistakes
Better come get this loving while you can
Waiting to hit the jackpot grand prize sweepstakes
Quit listening to friends when they try to tell you how to feel
Making you believe there's something out there that aint real
Don't mean to alarm you, no prince coming to charm ya
And the perfect man you're waiting for, he don't exist
