Worth It All

Melissa Otero

Blank stares in my room
Thinking 'bout what to do
'cos I am boredWell maybe if I moved away
Things would be different
What can I say?
Life bores me if habits don't breakI know I'm not alone
I just need constant change
Every day you bring me the same boring ways
Oh, bring me to life
Follow my lead
I'm complicated, maybe?
But you will see the memories will be worth it
Worth it allSign your name under the x
Tell me what we should do next
To feed our soul
Maybe if we just sold our things
Traveled where no one knows our name
Our adventure won't be the sameI know I'm not alone
I just need constant change
Every day you bring me the same boring ways
Oh, bring me to life
Follow my lead
I'm complicated, maybe?
But you will see the memories will be worth it
Worth it allI know I'm not alone
The memories will be worth it
Worth it all
