Be Mine

Ian Van Dahl

I wonna know where you are.
If only you could tell.
I wonna know where you are.
You're more than everything to me.And tell me will you ever change your mind?
And maybe one day your heart will be mine.One day you'll be mine
You'll be mine
You will be mineI wonna be in your arms
If only for one day.
I wonna be in your arms.
You feel so far away from me.And tell me will you ever change your mind?
And maybe one day your heart will be mine.One day you'll be mine
You'll be mine
You will be mine
