

Shine On

Rascal Flatts

I was lost in darkness and sinking sand
Well I was barely nothin', a broken man
But you picked up the pieces of my heart in your hand
Then you came and showed to me, love's second chance Shine on, shine on, shine on me
Whenever somethin's missing
You're exactly what I need
Your love has shown me the light, and now I finally see
So shine on, shine on, shine on me, yeah Lord knows that I'm not perfect, but I sure do try
And I see the man that I can be, in your eyes
Well there are times I still get lost in yesterday
But you put the past behind me and you light my way Shine on, shine on, shine on me
Whenever somethin's missing
You're exactly what I need
Your love has shown me the light and now I finally see
So shine on, shine on, shine on me, yeah Shine on
Shine on
Shine all your love on me, yeah
Shine all your love on me, yeah Shine on, shine on, shine on me
Whenever somethin's missing
You're exactly what I need
Your love has shown me the light and now I finally see
So shine on, shine on, shine on me, yeah
Shine on, shine on, shine on me
Yeah
Won't you keep on shining your love
Down on me, baby
Yeah, you're exactly what I need, baby
Yeah, you are
