

# Blur

## Wretch 32

[Intro]Woah-oh-oh-oh  
Woah-oh-oh-ohhh (x2)[Hook x2]Yeah it's been a Blur  
I've been throwing Stone Roses  
Sipping on my Oasis  
Feeling like the Verve  
The drugs don't work  
Only if you're Fred Durst[Verse 1: Wretch 32]Pocket half empty  
But I'm living to the fullest  
When I've had a shot  
I think I can dodge bullets  
If you wanna rock  
Tell me you love The Killers  
I might give you a job  
You'll be working on our business  
Just call me Lord Sugar  
The sweetest that you been with  
I'll never fire you  
You'd be too hot to extinguish  
I deal with power moves  
Checkmate, game finished  
The trick is not to lose  
That's the only way you're winning  
I know I'll never give in, yeah  
Cause I've survived mosh pits  
With some super fly drop kicks  
Only my chains swinging  
I ain't into boxing, no  
I dont bob and weave women[Hook]Yeah, yeah  
Ain't it funny how your nightmares  
Can turn into your dreams, yeah?  
Yeah it's been a Blur  
And it happens so fast  
That you just can believe it  
Yeah it's been a Blur[Hook]Yeah it's been a BlurI do it my way  
I'm a little too heavy for you lightweights  
I drink 'til my baby gets a migraine  
And then my head starts to rumble  
This is mind games, this is how my life stays  
That's how I stay ahead of myself

My attitude stinks, I can smell it as well  
If you always get love you know how Federer felt  
You can get around a waist  
Just pretend you're a belt  
And I ain't claiming to be free  
For the past few months I've been raving every week  
Started off a nightmare  
Then it changed into a dream  
Now I like my music loud  
Can you turn it up for me?[Hook][Hook]Yeah it's been a Blur[Bridge]Yo, Wretch, you ready?Aw yeahWooWe  
don't want a Panic at the Disco  
We just wanna live our life  
But if you Blink 182 then your life  
Will just pass you byYeah, yeah[Hook][Hook]Yeah it's been a Blur  
Yeah it's been a Blur
