

# The Fog

## Machel Montano

This one goin' an' fog up de place

Dust di place  
Dust di place  
This one goin' an'  
Dust di place

This one goin' an' fog up de place

Dust di place  
This one goin' an'  
Dust di place  
This one goin' an'  
Dust di place

Leweee go ha

I'm winin' up in de session aye  
I'm gettin' on like I neva  
Jam a bumpa yet  
But I'm in deep concentration oh  
And every eye on me so  
Iz now the stage done set

For the dust to rise whoa oh  
Powder in your eye  
Now we come to life whoa oh  
We dustin' dem from aside

Gyal dem peltin waist  
Powder in your face  
Foggin' up the place

In the uptown session  
Well we havin' a nice time  
From one fete to the next one  
Well you know that is my style

And when I reach downtown  
With this thunder now

Touchdown, I want to jump around  
And all the gyal dem bound to  
Go down, go down  
Now everybody surround

That's why I love powder  
Everybody fete'n is powder  
Everybody gettin' it powder  
Everybody catchin' it powder  
This is how we celebrate  
And you cannot get away, powder

I losin' all me complexion  
I givin' them performance  
They never see that yet  
And I'ze a man on a mission oh  
The more they run from me well  
The more crazy I get

So now the dust will rise, whoa powder in your eye  
Now we come to life, whoa we dustin them from aside  
Girl dem peltin waist  
Powder in your face  
Foggin' up the place

In the uptown session  
Well we havin' a nice time  
From one fete to the next one  
Well you know that is my style

And when I reach downtown  
With this thunder now  
Touchdown, I want to jump around  
And all the gyal dem bound to  
Go down, go down  
Now everybody surround

That's why I love powder  
Everybody fete'n is powder  
Everybody gettin' it powder  
Everybody catchin' it powder  
This is how we celebrate  
And you cannot get away, powder

This one goin' an' fog up de place  
If you afraid then come out we face

This one goin' an' fog up de place  
If you afraid then come out we face  
This one goin' an' fog up de place  
If you afraid then come out we face  
This one goin' an' fog up de place  
If you afraid then come out we face

We come out to play mas  
And we do fraid powder  
Say we come out to play mas  
And we do fraid powder

Tell them that we come out to play mas  
And we do fraid powder  
Tell them that we come out to play mas  
And we do fraid  
Everybody gettin' it

In the uptown session  
Well we havin' a nice time  
From one fete to the next one  
Well you know that is my style

And when I reach downtown  
With this thunder now  
Touchdown, I want to jump around  
And all the gyal dem bound to  
Go down, go down  
Now everybody surround

That's why I love powder  
Everybody fete'n is powder  
Everybody gettin' it powder  
Everybody catchin' it powder  
This is how we celebrate  
And you cannot get away, powder

That's why I love powder  
Everybody fete'n is powder  
Everybody gettin' it powder  
Everybody catchin' it powder  
This is how we celebrate  
And you cannot get away, powder
