It Ain't Easy

Long Beach Dub All Stars

It ain't easy, you know its hard, so hard
It ain't easy, you know its hard, so hard
I got the message that you won't be around no more
It kind of got me into a panic
'Cause I don't know if I can take it without you

You know we've done so many things 2gether
But it seems that I'm gonna move on now
You know that I'm gonna keep on livin'
But it won't be the same without you girl

It ain't easy, you know its hard, so hard
You've got to know it ain't easy, you know its hard, so hard
There's a black hole in my heart
From all the times we spent ago

Its here and I wanted to tell you
Call me mellow but standin' alone
'Cause when the green leaves grew between us
The light came shinin' through

I'm becoming a better man because I'm losing you
It ain't easy, you know its hard, so hard
You've got to know it ain't easy, you know its hard, so hard
It ain't easy when love is runnin' from you,

And you don't even know your own name
Livin' is comin' but you know that the subject will change
It ain't easy, you know its hard, so hard
You got to know I ain't easy, you know its hard, so hard

You've got to know,You've got to know,You've got to know,
It ain't easy, you know its hard, it so hard
Well girl it ain't easy, you know its hard, so hard
