The Raven

frankiebee

â€œThe Ravenâ€•
I can hear his voice
At night- Itâ€™s frightening
Iâ€™m afraid for a time
In my mind I keep on hiding

His mind in mine,
I can see his eyes
In the candlelight
Guiding my dreams tonight
Tell me what to do
I canâ€™t understand
I want to join him but
All I can hear are Voices
Everywhere are voices, voices
Killing me with blame

When The Raven calls for me, enticing
I feel his strength on my mind
Every day I feel more crazy

His mind in mine,
I can see his eyes
In the candlelight
Guiding my dreams tonight
Itâ€™s a fantasy
But itâ€™s real to me
I seek the Raven but
All I can hear are voices
Everywhere are voices, voices
Killing me with blame, voices
