

# It's How You Say It

Al Jarreau

Callin' all players, Don Juan, Romeo too  
Don't you turn away, something I say  
Could keep her faithful and true

Used to say, satin, silk and lace  
Fascinate a pretty face  
Bet you're life she'll stay  
I was stunned, struck dumb y'all  
Total strangers when she walked away, she told me

It's how you say it, it's all in how you play it  
If it's a love I get to feeling it baby  
It's how you move me, it's all in how you do me  
If it's for real we make a melody down in my soul

Callin' all players, Don Juan, Romeo too  
Please don't turn away, everything I say  
Is with affection for you

She's in pain, cause' when you hit and run  
Like you're blind, deaf, and dumb, every dreams' undone  
Only one way to hold her  
Be for real before she walks away

It's how you say it, it's all in how you play it  
If it's a love I get to feeling it baby  
It's how you move me, it's all in how you do me  
If it's for real I get a tickle down in my soul

It's how you say it, it's all in how you play it  
If it's a love I get to feeling it baby  
It's how you move me, it's all in how you do me  
If it's for real I get a tickle in the middle

Round and round, they all fall down  
It's just a losing game when you break it down  
(Let me just break it down)

[Repeat: x2]

It's how you say it, all in how you play it

If it's a love I get to feeling it baby  
It's how you move me, it's all in how you do me  
If it's for real I get a tickle down in my soul
