

# Take a Little Time

Josh WaWa White

I know the reason  
You turn your back  
On things that you don't wanna hear  
I know this feelin'  
I get from you  
When you try to act so sincereBut I don't know  
What's making you behave this way  
I'm gonna go  
You never hear a word I say  
You better learn toTake a little time  
To show me that you care for me  
Take a little time  
To show me you're still there for meI know the danger  
You're holding all the cards  
Because you think I'll wait  
You're like a stranger  
You better show your hand  
Before it gets too lateBut I don't know  
What's making you behave this way  
I'm gonna go  
I might as well just walk away  
If you don't learn toTake a little time  
To show me that you care for me  
You gotta take a little time  
To show me you're still there for me  
You better take a little time  
To show me what's been going on  
It's been like this for much too long  
Take a little timeDon't hand me all these lines  
My eyes are open wide now  
Don't give me all your lies  
I'm gettin' much too wise for you  
Take a little time  
YeahBut I don't know  
What's making you behave this way  
You never hear a word I say  
I might as well just walk away  
If you don't learn toTake a little time  
To show me that you care for me

You better take a little time  
To show me you're still there for me  
You gotta take a little time  
To show me what's been going on  
It's been like this for much too long  
Take a little time  
You gotta take a little time I'm tellin' you  
You gotta take a little  
Take a little time  
Take a little time  
Take a little  
Take a little time You gotta take a little  
Take a little  
You gotta take a little  
Take a little time I'm tellin' you  
Take a little  
Take a little time Take a little  
Take a little time
